

Manufacturing, Production & Quality Assurance (MP&QA)

- Presenter: Leon McCray
- Position: Associate Director, ITEC4 SADBUI
- Certification Official for career field designations "D" & "H"

Manufacturing, Production & Quality Assurance (MP&QA)

- Why choose a developmental assignment in MP&QA?

The MP&QA career field will expose the CDG participant to the entire acquisition spectrum from input to the statement of work, developmental test & evaluation, manufacturing, production, in-process/product evaluations, facility audits, final test/inspections, QA oversight, fielding, industrial base management and disposal.
